

## **A Surprise Package in the Mail**

### **By Vibha Arsid**

Ring, ring! Pumpkin jumped out of bed, and got dressed. He does this every morning. As always, he took a walk outside. When he got out of his house, he noticed something poking out of his mailbox. This was unusual because nobody put mail in his mailbox. He walked to his mailbox and took the package out. It said "open."

"Ooh!", said Pumpkin "I wonder what this is!"

He went back in his house, and opened the package. Pumpkin was expecting the comics and newspaper, but it wasn't anything to do with paper. It was a little baggie! Pumpkin opened the baggie and the bag transformed into a genie.

The genie's name was Gem.

"I will give you one wish!" Gem said.

"Of course,"Pumpkin said "I wish I could have unlimited wishes!".

"Your wish is granted. Wait WHAT?" Gem said, "I can't do that!"

"Yes, you can!", Pumpkin said. "You just have to believe in yourself."

"Alright I'll try" Gem said. "Abrah kadabra, your wish is granted,

Pumpkin", Gem said.

"Yay, yay! yay! Good job Genie Gem and a big thank you for granting my wish."
