Library Displays

EXPLORATION IN FIBER

Beyond the Edge Fiber Artists are pleased to present the organization's latest exhibit entitled "Exploration in Fiber." This exhibition presents a variety of fiber art and shows a diversity of approaches to this exciting and evolving art form. The artwork was created by Madeleine Bajracharya, Laura Bisagna, Mia Bloom, Cynthia Catlin, Linda Friedman, Teresa Shippy and Eileen Wintemute. This exhibit will be on display through the last week of August.

JEAN OH POTTERY DISPLAY

Handmade pottery by artist Jean Oh will be on display in the main lobby of the library throughout July and August. Oh, an engineer by trade, found art to be her passion. Oh believes that handmade pottery is naturally rich in ideas and metaphors. It makes a house a home and enriches lives. It fills our living spaces with character, elegance and joy. Oh's vision as a ceramic artist is to make pottery that has meaning and weaves into our daily lives. She fires her pieces at a blistering 2,350 degrees Fahrenheit to create a deep signature glaze that cannot be achieved with pottery fired at lower temperatures. This stoneware style of ceramic pottery is a reflection and celebration of who she is as an artist.
